Wencai Yang, Ph.D, Professor
Department of Vegetable Science, College of Horticulture
China Agricultural University, No.2 Yuanmingyuan West Road
Haidian District, Beijing 100193, P.R.China

Dear Dr. Wencai Yang,

It is our great pleasure to invite you as a distinguished speaker to the 7th International Symposium on Tomato Diseases, which will be held in Brasilia, Brazil, from October 1 to 4. We greatly admire your expertise in bacterial diseases of plants, and we believe that your insights will significantly enrich the discussions at our event.

The symposium will cover the most recent progress on diseases affecting the tomato crop and will gather the most prominent specialists in this field. Your presentation on breeding for tomato bacterial diseases will undoubtedly be a highlight of the program.

We are committed to ensuring a smooth and enjoyable experience for you during your visit to Brazil, and we are prepared to assist with any documentation required for your visa application.

We look forward to your confirmation and participation in our symposium. If you have any questions or if there is anything we can do to facilitate your attendance, please do not hesitate to contact us by email: 7istd@7istd.com or alice.nagata@embrapa.br.

Sincerely,

Alice Kazuko Inoue Nagata - Convener
