Dear Prof. ZHANG Zhenxian,

It is my pleasure and privilege to invite you to visit our company in the Netherlands for exchanging knowledge about climate control, fertigation management, and ecologically friendly management of diseases and insects in glass greenhouse vegetable production in a temperate climate. We will discuss about cooperation opportunities as well. In addition, I would like to invite you to visit our partner companies in the Netherlands to have an insight of the latest greenhouse horticultural technologies in Europe. The whole program covers from 7<sup>th</sup> to 11<sup>th</sup> August 2018.

All the expenses involved in this visit will be met by yourself. We will make necessary arrangements to assist you with hotel bookings and local travels.

With kind regards,
